Three Videos released on the 2015 IPMI® Premier Professional Awards

September 15, 2015 – Pensacola, Florida – – Today the [International Precious Metals Institute®](http://www.ipmi.org) released three videos presenting the 2015 IPMI Premier Professional Awards for recognizing professional achievement in the advancement of precious metal technology and industry.

1. [Corby Anderson receives the 2015 IPMI Jun-Ichiro Tanaka Distinguished Achievement Award sponsored by the Tanaka Memorial Foundation.](#)

The IPMI Jun-ichiro Tanaka Distinguished Achievement Award recognizes important career contributions to the advancement of the precious metals industry, be it technological, commercial, economic or management. The \$5,000 cash award and commemorative plaque are courtesy of The Tanaka Memorial Foundation.

2. [Thomas Colacot receives the 2015 IPMI Henry J. Albert Award sponsored by BASF Corporation.](#)

The IPMI Henry J. Albert Award recognizes and encourages outstanding theoretical, experimental or engineering contributions to the science and technology of precious metals. The \$5,000 cash award and commemorative solid palladium medallion are courtesy of BASF Corporation.

3. [Karen Goldberg receives the 2015 IPMI Carol Tyler Award sponsored by the IPMI.](#)

The Carol Tyler Award recognizes the achievement of a woman in the precious metals industry or academia. The \$5,000 cash award and commemorative plaque are courtesy of the International Precious Metals Institute.

Each of these short videos presents the overview of these prestigious awards, the presentation of the award and a brief acceptance speech from each recipient.

The IPMI awards up to \$100,000 each year. These are given out in \$20,000 and \$5,000 amounts and include both professional and student awards.

IPMI® is the largest worldwide association of producers, refiners, fabricators, scientists, users, financial institutions, merchants, private and public sector groups within the precious metals community. The Institute was organized to provide a forum for the exchange of factual information on all aspects of precious metals and precious metals technology.
