The proceeds from the sale of the Shares and Units will be used to advance exploration of the Company's Treaty Creek properties in the Golden Triangle of northwestern B.C. and for general corporate and working capital purposes.

All securities to be issued pursuant to the private placement will be subject to a four month hold period from the closing date under applicable Canadian securities laws, in addition to such other restrictions as may apply under applicable securities laws of jurisdictions outside Canada. The private placement is subject to all necessary regulatory approvals including from the TSX Venture Exchange.

Finders' fees may be payable in connection with the private placement.
